Subject: Ethics Act

Dear State Employee,

As you may know, this week I signed legislation to improve Alaska's ethics and disclosure laws. I would like to thank the many employees, lawmakers and citizens who helped to craft this legislation that will allow our government to operate in a more open and transparent fashion. Let's commit to making our state better and make state government more trustworthy, accountable and responsive to those we serve – the residents of Alaska!

The legislation's changes to the Alaska Executive Branch Ethics Act take effect immediately, as do some of its changes to the disclosure laws. **These changes may apply to YOU.** Please take a moment and read through the attached summary so you will know how these laws have changed and how those changes may affect you.

The changes to the Executive Branch Ethics Act concern

- When your financial interest in a business is considered insignificant under the Ethics Act;
- Gifts to you and your family members from lobbyists;
- Your employment after leaving state service;
- Working in the same unit as your family members;
- When your activities constitute "official action";
- Using state aircraft for political purposes;
- Lobbying after leaving state service; and
- Serving on boards after leaving state service.

The changes to the disclosure laws — which apply to certain high-level positions in the executive branch and to many boards and commissions — concern

- Electronic filing of financial disclosures;
- Including more details in financial disclosures;
- Disclosures upon leaving state service; and
- Disclosures from additional boards and commissions.

In addition, a change to the criminal laws requires public servants to report promptly to law enforcement agents when they know or reasonably should know of bribery of a public servant.

A summary of these changes is attached. To see a copy of the legislation, go to http://www.legis.state.ak.us/PDF/25/Bills/HB0109G.PDF.

If you have questions about how the legislation may apply to your circumstances, please contact your designated ethics supervisor. If you don't know who your designated ethics supervisor is, a list of designated ethics supervisors is also attached.

I appreciate all of you and the outstanding work you do. Thank you for your continued support.

Sincerely,

Sarah Palin
Governor

Dear Governor,

My name is Misty-Rose Parker-Bean. I am from the city of Fairbanks and I am an Alaskan Native. I am writing you today on the behalf of my husband, Bobby. He is a member of the US Army. He was a member of the 172nd Stryker Brigade team. He was one of those who got extended last minute as you well know.

Since then, we have have changed are duty station and we have moved on to Germany. We will be coming home to Alaska after this tour of duty. We arrived here on April 29th. He is now apart of the FST 1-91 Cav. We then found out he would be deploying to Afghanistan.

We asked about dwell time seeing he has only been back from a deployment not even 7 months. He asked and asked and no one followed threw with their job. He asked his squad leader and he said he took it to the first Sargent, and he asked the first Sargent and he knew nothing about it. I feel as though this is very poor mis management. We has asked as soon as he received orders months ago and nothing came of it. I just got him back after a 15-month deployment and now I have to let him go again and find the strength to do it all over again. I am in a foreign country. My family isn't here to help support me like they did back in Fairbanks. I feel as though myself am going threw a deployment. But I fear I am not strong enough to take this time around, and my biggest fear is that he is not able to do it again. He is not mentally capeable of going out into another combat fire zone.

I ask of you, please please help us fight this. Please make sure he gets what he has worked for. Time off and give him his much needed dwell time.

Thank you so much for your time,

Misty-Rose Parker-Bean

Soroptimist are professional business women committed to improving the lives of women and girls, in local communities and throughout the world. District 1 covers all of Alaska and Western Washington. We currently have 40 clubs with about 1500 members.

On October 6 & 7 we will be holding a District meeting in Fairbanks at the Princess lodge. I'm asking you if you might have the time to address our members at our up coming meeting. Our Federation recently had an article in our "Best for Women" magazine on women in government, here in the United States and around the world. You have shown what can be overcome by women in a polically male dominated position. Your presents at our meeting would give our members the feeling of accomplishment and encouragement.

We would appreciate you taking this into consideration.

MESSAGE:

Dear Honorable Governor Palin,

You and your representatives are cordially invited to attend a great International event, the unveiling of Charmed Integrity School's Integrity and Self Enrichment Program for Youth. Our turnkey lesson plans are now available for North American governments to purchase and implement in our school systems. Any teacher can pick up these plans and within minutes give the courses.

I am hoping to attract United States' Governors and Canada's Premiers, and/or associated representatives, who are concerned about the development of the youth in North America. There will be considerable national and international media in attendance.

Changing the Face of North America's Future

The Unveiling of Charmed Integrity School's Youth Program

Date: September 8, 2007

Time: 9:30 am – 10:30 am

- 9:30 am – Meet and greet the students (media will be present)
- 10:00 am – Class begins – Introduction to Integrity
- 10:30 am – You may stay until noon or choose to leave along with the media.

Location: Lord Elgin Hotel, Ottawa, Canada (blocks from parliament)

Role: Guest Appearance

Other Invitees: Forty students, United States Governors, Canadian Premiers, representatives, VIPs and National and International news media.

RSVP: Charmed Integrity School Inc., Lisa Rosano, 905-465-3334, info@integrityschool.ca, 67 Bronte Road, Unit 205, Oakville, Ontario, Canada L6L 3B7.

I am a noted publicist of fifteen years who is dedicated the past 5 years to working with youth. I have spent the past two years researching youth development and have created a multi faceted Character Development Program that works. Experts in the field of education have assisted in creating turnkey, teacher directed lesson plans with the goal of implementation into the North American school curriculum.

The benefit of this initiative is that it is truly changing the minds, opinions, and actions of our youth. They are eager to receive the information, become involved in the many activities and utilize the tools taught in this program. Youth learn how changing their behaviors benefits their future and increases their options for a successful transition into an ever changing society. The public is begging for an answer. Our youth need help. The Integrity Program for Youth addresses both these critical needs.

In 15 years from today, our youth will be running hospitals, seniors lives, and North America! Disciplinary acts to "enforce" youth to live with integrity were taken out of the schools 15 to 20 years ago, but unfortunately the teachings of integrity went along with it. The majority of our youth have not been taught the basic principles of integrity. We cannot wait another minute.

After the courses, students have told me that nobody has ever cared or guided their future as much as they received in one day. They are "grateful" for the information because it truly helps them succeed in all facets of life.

Please RSVP your or your representatives attendance. I would be honored by a note of support that we may publish and to book a time to further discuss how your state's youth can benefit by implementing The Integrity Program for Youth into your school system. Please visit www.integrityschool.ca for more information including a course overview, referrals, media coverage to date, student comments and a schedule with a date booked to give a class in your state.

Thank you for your time and I look forward to our positive correspondence,
Lisa Rosano, Founder and President

I had the same experience as Walt, except my stack looks more like 8 inches. Commissioners:

I'm aware that Bruce Ludwig, Business Agent for the APEA-Supervisory Unit, has either met with some you or is requesting a meeting with you. I want to remind you that labor negotiations are just that - negotiations. We have been negotiating in good faith with the union which represents some employees in your department.

I have my charge from Governor Palin and I understand what the bottom line is. What I need you to do, is remember that as Bruce tells you his concerns - you have perhaps not heard the issues from my perspective.

Please contact me directly with any questions you might have as a result of your conversations with Bruce. I have done more to be transparent about labor negotiations than, I believe, any other Commissioner, by posting our last best offers online. You can access that information here:

http://www.state.ak.us/local/akpages/ADMIN/LaborContractUpdate.shtml

We are all in this together. We all need quality, professional State employees. Governor Palin has the draft administrative order I referred to in our last Cabinet meeting and I expect we'll be moving forward shortly.

Thanks for your patience.

Was picked up at the U.S. Passport Office in Seattle, Monday, July 16, 3:11 pm

I just got off the phone with Connie, the secretary to the Managing Director, at FedEx hub in Anchorage, 249.3173

We are diverting the FedEx delivery from Wasilla - Connie will hold the package at the main office and call me in the morning, when it arrives.

Gary, let's coordinate in the morning with our schedules, either way, a new air bill will need to be brought out to the facility in order for it to make the 1:00 pm departure deadline.

Fingers crossed…

MESSAGE:

Dear Governor Palin,

I would encourage you to find a voice on the national level for continuing support for the President on Iraq for the sake of Israel. As a proud card carrying republican Christian, I am open to suggestions on how to further the cause for all Christian Alaskan's to not allow the left-wing of both parties to hijack the progress of our US Military and accept defeat in Iraq.

The US troop surge has only been in play for 30 days as of 06/15/07, something mainstream media wont acknowledge and or understand that logistic's was 1/2 the battle. In concert with the troop surge is an increased presence of the USAF as well that is in-country to provide efficencies of air support that we lacked prior to both these surges. We are just begining to see the first-fruits of Rumfields replacements as well as a renewed sense of trusting advisors that see the end game as victory and not defeat. Focus on the positive aspects of the "Report Card on Iraq".

By design, God has made America Israel's guardian and the devil knows that a house divided will not stand. Democrats and Republicans whom fear God and not man need to correlate the increase in our prosperity and our level of understanding is a direct result of America playing a critical role in God's plan to form the nation of Israel. I am not Jewish or a preacher, but a witness to God's Holy grace. If America pulls out of Iraq, the jihadist

will target Israel unified with all of the middle east, paticularly Iran, and as a Legion attempt to destroy Israel and its people. Imagine giving Satan's legion the political ammuntion of "a defeated America" in Iraq and rallying the deceived into believing they could defeat America again when they go after Israel.

Moving forward, I encourage The Republican Party of Alaska to take a stand for God's precepts for the people and nation of Israel. Please let me know if I am a member of a party that want's to stay the course in Iraq and understand's that defeat in Iraq is not an option. Or am I a member of a hijacked leftist party that wants to devoid God out of politic's, public schools and MY State and Federal Government. Do not embolden our mutual enemies, demoralize them with a defeat in Iraq. A Victory in Iraq will cause the terrorist to realize that we our a nation that is indivisable and a country that fears God, not man: "In God We Trust".

MESSAGE:

Dear Govenor Palin

I urge you to do whatever is within your power to stop the cow moose hunt that is to scheduled to take place this fall in the Delta Closed Area (GMD 20D). The Department of Fish and Game has in the past authorized a small number of permits for bulls in this area, this year not only have they have increased the number of bulls to be taken, but have authorized a large (900 permits) hunt for cows as well.

A significant portion of this area is heavily populated residential areas. This also includes the area within the city limits of Delta Junction. To my understanding I could literally stand in the middle of Delta Junction and legally shoot a moose. I am a hunter and this borders on insanity to even think of someone hunting big game with a high powered rifle in heavily populated residential areas. The City of Delta Junction has passed an ordinance banning hunting within the city limits, but this does nothing for the people living outside the city limits. An article in this p\last weeks newpaper states the city cannot enforce the ordinance, nor would it hold up in court, because the city does not have the power to regulate hunting of within the state. If they want to reduce the number of cows in the area at least limit the hunt to bowhunters like Fairbanks does.

If this hunt is allowed to take place the Department of Fish and Game is negilgently endangering the residents of this area. It could also place a enormous financial

liability on the state if someone were injured or killed by a hunter during the hunt period.

Please look into this matter and stop this insane hunt before someone gets hurt.

Thank you for your time.
